Kawachi Wisteria Garden

It was chosen as one of "Japan’s 31 Most Beautiful Places" by CNN America. It is also famous for its many beautiful wisteria flowers.

Kitakyushu Museum of Natural History & Human History

A museum featuring world-class exhibitions of large dinosaur skeletons. Largest dinosaur skeleton in Asia.

Hibikinada Green Park

The park has many fun things to enjoy including a huge rose garden, a small zoo with kangaroos and ponies you can pet, and the world’s longest swing set.

Wakamatsu Bund

A street with an atmosphere left over from the area’s history as a prosperous real estate area 100 years ago.

Hiraodai Limestone Plateau

One of Japan’s three major karst formations, featuring fun activities like caving, trekking, and camping.
